

To Our Valued Patients,

As of August 31st, 2020, Signature Dermatology will no longer be in network with United Health Care. We deeply value all of our patient relationships we have built over the years and are extremely grateful for all of our patients that continue to choose our practice for their skin care needs. In lieu of UHC, Signature Dermatology offers a self-pay fee schedule that will perhaps be similar to out-of-pocket expenses under high copay and deductible plans. High deductible plans also allow our patients to continue to use their HSA Cards to pay for their services directly with our practice.

Self-Pay Services:

New Patient Office Visit:	\$105
Established Patient Office Visit:	\$75
Biopsy:	\$100
Liquid Nitrogen Treatment (Quantity 1-5):	\$60

\*HSA Cards Accepted

\*Additional services available upon request

In addition to self-pay services, we are able to provide forms to submit your visit to apply to your out of network deductible.

If you have any questions please call our billing manager Chelse at (614) 534-1471. Thank you!
